

**PRODUCTSPECIFICATIE**

---

Productnaam : Kaliumhexacyanoferraat(III), pro analyse  
99+%  $K_3(Fe(CN)_6)$   
Productnummer : 10.001728  
Mol gewicht : 329.25 g/mol  
Dichtheid : 1,85 g/cm<sup>3</sup>  
HS nummer : 28372000  
CAS nummer : 13746-66-2

**Specificaties:**

---

|                                 |          |
|---------------------------------|----------|
| Assay                           | >99%     |
| Calcium (Ca)                    | <0.0005% |
| Cadmium (Cd)                    | <0.0005% |
| Cobalt (Co)                     | <0.005%  |
| Copper (Cu)                     | <0.001%  |
| Sodium (Na)                     | <0.02%   |
| Nickel (Ni)                     | <0.001%  |
| Lead (Pb)                       | <0.002%  |
| Zinc (Zn)                       | <0.0005% |
| Chloride (Cl)                   | <0.005%  |
| Potassium hexacyanoferrate(II)  | <0.02%   |
| Sulfate (SO <sub>4</sub> )      | <0.005%  |
| Non Solubles in Water           | <0.005%  |
| Insoluble Matter (Non Solubles) | <0.005%  |
